

Water Quality Monitoring Workshop and Educator Training

Educators and program facilitators are invited to attend an environmental education workshop and training event featuring citizen science water quality monitoring.

Date: March 12th, 2018, at 10am – March 13th, 2018, at noon

Location: Upham Woods Outdoor Learning Center in Wisconsin Dells, WI:
<https://fyi.uwex.edu/uphamwoods/>

Cost: Lodging, food, instruction, and equipment are covered by grant funding (\$85 value/pp). Travel expenses are not included.

To Sign Up: follow the link below to signup
<https://goo.gl/forms/rhVe5nPDJZXswIP02>

This workshop is limited to 35 participants.

Workshop details:

- Full DOTS training to become eligible to participate in the DOTS lending program
- Citizen science data collection methods for water quality analysis
- Experiential, place-based, and inquiry-based instruction methods
- Potential to participate in future grant-funded projects
